NUMBER 14

JNO. G. WHITE

Seeks to Accomplish His Election by Secret Work.

He Resorts to the Block System.

Below we give his letters:

WINCHESTER, KY.

(Personal.)

My Dear Sir:

Your name has been given me by your committeeman as true republican and hard worker for your party, and that you have agreed to make a house to house canvass of your precinct; the first canvass to begin at once, and in making this canvass you must take a poll of the republicans only, giving me the names and post office address of each, and mark each as reliable, or doubtful, and etc. The next canvass to be made the week before the election; in making this canvass, you must do it in a quiet way so no one will know your business except our republican friends; and you to impress upon each canvasser the importance of coming to the polls and voting on November the 4th. And make him pledge himself to be there; in making the first canvass organize the entire precinct in blocks of TEN, and out of these TEN select one of the best men to take charge of that block, and that he will make a canvass of these TEN men from time to time, and impress upon them the importance of voting this 4th of November. Have him to see that no republican move out of his precinct until after the election, and at the same time keep tab of all the democrats that move in or out of your precinct to keep them from voting. We MUST have a clean vote if we win, and each man in the block that is crippled or has no horse to go to the polls must be provided for, and brought out, the man that takes charge of each block must have an understood where they are to meet on the morning of the election, and if one should not be there, he MUST be sent for immediately and persuaded to come and vote.

You can state further that on account of the LIMITED TIME to make THIS canvass that it is impossible for me to see them all in person, and that I requested you to make THIS canvass for me. My idea is for you four, including your committeeman, to have a meeting at once and lay your plans to get out every vote in your precinct. If this is carried out in each precinct in THIS district there is no doubt but that I will be elected by a handsome majority. I do hope that neither of you will shun ONE DUTY TO YOUR PARTY, and take courage and build up courage in each Republican, and remember that MY FUTURE and YOUR PARTY is in YOUR hands, and I do hope you will take good care of what has been entrusted to you and do your WHOLE DUTY. I think it BEST to divide the precinct into FOUR EQUAL PARTS, or SCHOOL DISTRICTS. DON'T put THIS work on one man, but I WANT and MUST have four men to do THIS work.

Thanking you in advance, and hoping to hear from you by RETURN MAIL THAT YOU HAVE ACCEPTED THIS DUTY.

I am truly yours for success,

JNO. G. WHITE.

WINCHESTER, KY.

(Personal.)

My Dear Sir:

Your name has been given me by the Committeeman of your precinct. As you know, the responsibility rests upon you to a certain extent as upon all other Committeemen and chairmen throughout the district, to conduct your part in this campaign. My idea is to make a quiet campaign. We want to instruct our Republican friends not to mention this race in the presence of a Democrat, and we must, by all means, make a house to house canvass of our own party at ONCE, and forward me the name and address of each, I think it would be best for you to appoint four of the most influential, good, sober, true Republicans in your precinct and divide your precinct into four equal parts. That will make each precinct easily visited. But of these four men you want to select a counter and chal-

lenger. The other two I want to assist you in bringing out every Republican voter in your precinct. Of these four mark the two best qualified to act as challenger and counter. We have victory within our grasp if we will only take advantage of the opportunity. Pick up courage and build up courage in every Republican. As soon as you appoint these four men, forward me their names and addresses at once, and continue to forward me names as fast as they turn them in to you. These four men should be the financial committee as well, and tell them at each house they visit that I request each Republican to give something, if only one penny. In making this poll, mark every man who can be relied upon to keep a secret, and each Union soldier, and in taking this poll of the names from the Republicans get each confederate soldier and member of the Primitive Baptist church in this Democratic party in your precinct. Impress upon these men that our victory depends upon the amount of energy put into this campaign by the Republicans. It is very necessary when your chairman calls upon you that you respond at once. I have written each chairman to call a committee meeting and make these appointments as above stated. If you forward me names before you have your meeting you can state to the chairman that you received a letter from me to appoint, and the appointment has been made. We have got to be at our posts and this election is over. I do hope you will not shun any duty during this campaign. If you can't get THESE four men to do THIS work for THEIR PARTY, get THEM as reasonably as possible AND PAY THEM FOR IT.

Yours truly,

JOHN G. WHITE.

MORGAN COUNTY ITEMS.

On Saturday, Oct. 11, there was an exciting election for school trustee in West Liberty. The contestants were W. G. Blair, Republican, and G. W. Phillips, Democrat. Blair received 31 votes and Phillips 27.

In the Democratic legislative precinct conventions to nominate a candidate in the Morgan-Wolfe district, H. F. Pierat, merchant at Hazel Green, received the vote of all precincts except Caney in Morgan and Torrent and Clifty in Wolfe.

Serious Accident—Boys, Keep Off.

Robert, little son of Robert Profit, of Winchester, was clinging to the back of a rapidly moving buggy. He became entangled in the wheel. His left arm was broken above the elbow; the left leg was broken and crushed above the knee.

Johnson County Clerk Short.

State Inspector Hines has reported a shortage of J. M. Preston, former clerk of Johnson county, amounting to \$402, and a shortage of \$7.12 in the accounts of Jethro Preston, also a former clerk of Johnson county.

Timber Land Deal.

Messrs. Floyd Day, of Jackson, John Day and S. P. Kerr, of Winchester, and others have bought 16,000 acres of pine and poplar land in Mississippi.

Oil.

The Licking River Valley Oil & Gas Co. brought in a well of black lubricating oil on the farm of J. H. Burns, adjoining West Liberty.

Interest in a coliseum for Louisville was revived at a meeting held at the Horse Show building. There were announcements of two \$1,000 subscriptions. A committee was appointed to get options on sites, formulate plans for a stock and bond canvass and confer with the Horse Show Association.

Whitney and O'Brien

Confess the Murder of Addison B. Chinn, of Lexington.

They Are Taken to Louisville to Escape a Mob—Speedy Trial Promised—Death Sentence Should be Imposed.

On Wednesday morning Earl Whitney, an accomplice in the murder of Addison B. Chinn, the dry goods merchant of Lexington, confessed that the deed was done by him and his accomplice, Claude O'Brien on Saturday morning preceding, although he says O'Brien fired the shot.

He tells of their coming to Lexington from Louisville, how on Saturday night they entered the houses of O. L. Slade and M. C. Alford in Lexington and stole a pistol from each place; that they then went to the Chinn residence; he tells of the entrance through a window, their going to Chinn's room, their demand for money, the reply from Chinn that there was no money, but to get what they wanted; that Mr. Chinn while sitting on the bed was shot by O'Brien with the Slade pistol; of the fight in the hall with the son, Asa Chinn; of their escape from the residence; the throwing of three pistols under a tool house at the Cincinnati Southern depot, and of their hiding in a freight car where they were arrested. The pistols were found as he said.

When the fact was known that a confession was made, excitement began to grow, and by evening an angry assembly was at the court house clamoring for the prisoners. The danger of mob violence was imminent, so the authorities hurried the prisoners through the rear of the jail premises, and caught the delayed C. & O. express enroute to Louisville, outside of the city, (by arrangement with conductor.)

The prisoners were landed at the Louisville jail. Enroute to that city O'Brien also told of the murder, but says that Whitney did the killing.

At 3:30 p. m. on Wednesday, Gov. Beckham, having been informed that there was prospect for a mob, notified Capt. Williams to have companies C. and M. of the local militia in readiness for an emergency call, but the men were not called out because of the prisoners' departure for Louisville.

In referring to the murder the Lexington Leader of Wednesday said:

"THE LAW MUST PREVAIL.

When the good people of Lexington and Fayette county learn that one of the murderers of Mr. Addison B. Chinn has made a confession their hearts will be aflame with a desire for the speedy vengeance of the law, and there is danger that the minds of some will turn, in the natural heat of the moment, to thoughts of a speedy and prompt execution of the guilty parties without arraignment, indictment or trial.

But this must not be. Judge Parker says it must not be; the County Judge, the Jailor and the entire constabulary of the city and county say that it must not and shall not come to pass.

And they are right, for over judges, courts, jails, yes, the criminals themselves, white of face, but black at heart, stands the majesty of the law, supreme and undivided.

The good citizens of Lexington, while justly wrought up to an intense pitch of excitement and indignation, will on sober second thought refuse to defy, to disobey and to break down the very law under which the Chinn assassins must be hanged.

Judge Parker, able and fearless, guarantees that a special Grand Jury shall be called without delay. An indictment and a fair and speedy trial will immediately follow and the conviction and execution of the two midnight burglars and assassins, more boys though they be, will come to pass, and then all who love peace and good order, who have at heart the welfare of the public at large, the security of the homes and lives of each and every one, rich or poor, high or low, will rejoice that the law has prevailed."

A Disreputable Old King.

So old King Leopold is planning a visit to America!

If justice should be done: if the matter of international courtesy was not deemed of more importance than mere morals, the old monarch should be notified that America does not want him; that he will not be welcome.

He is a dirty, disreputable King. There isn't a clean spot on his robes. He has no respect for modesty, virtue, decency—for good women and clean men.

There are many bad Kings in Europe. Some of them are very bad. King Leopold is the worst. His people fear him and hate him. Queen Victoria disapproved him. What is the trouble?

WOMEN.

His life has been a debauch. He has had mistresses by the hundred. He has repeatedly robbed his people to gain money for some of the vilest creatures who ever disgraced their sex.

Incidentally, he made the life of his wife one long-drawn-out torture. He disgraced her in all the ways a vicious mind could conceive of.

She died the other day. Her death was a release from bondage.

What must a King think when a woman is glad to die to escape from association with him, her husband?

If King Leopold comes to America no woman should greet him. Society should close the doors against him.

If he must come, let him seek his pleasure in the haunts where painted smiles are sold to the highest bidder, where lights and flowers can never hide the scarlet hand of shame, and where music can not drown the groans of lost souls.

Best of all let him stay at home. America can never feel honored by the visit of such a King—Cincinnati Post.

The Kentucky Bankers' Association began its annual convention in Paducah last week. A feature of the business session was the adoption of a resolution presented by Col. J. D. Powers pledging the support of the association to the plan for a Kentucky exhibit at the World's Fair in St. Louis. The resolution, which was unanimously adopted, provides for the assessment of all the banks in the State to raise a fund for the exhibit.

RYTHMIC

THE BIGGEST WINNER.

The Blind Horse From Kentucky Made the Record for the Grand Circuit.

The Grand Circuit races have closed, with Jesse Turney's brown horse Rhythmic, 2:08, the biggest winner of the year. He started at most exclusively in stake engagements, he was raced at ten meetings, not being started at either Cleveland or Reedville, and won a total of \$23,850. The only time he was behind the money was at Providence, where he was distanced, but three weeks later he won first and third moneys by distancing one of the two other starters in the race with him. Rhythmic's winnings were over \$4,000 larger than those of Electa, 2:04, who stood at the head of the table last year.

Close behind Rhythmic in money won this season is Ed Geers' phenomenal pacer, Direct Hal, 2:04, who was, like the blind Rhythmic, an unmarked performer at the opening of the season. Direct Hal started out by winning the Chamber of Commerce Stake, at Detroit, and not only won more races than any other horse started in the Grand Circuit company, but accomplished the feat of winning every race in which he was a participant.

The California mare Anzella, 2:07, by Antrim, ranks next to the two leaders, with a total of \$11,850, and close behind Anzella is the bay gelding, Major Delmar, winner of the Massachusetts \$15,000 stake. The only other horse in the list winning over \$10,000 is Twinkle, 2:05, a stable companion of the mighty Rhythmic. The superior earning capacity of the trotter over the international pacer is well demonstrated by the fact that of the first twenty animals in the list, not less than thirteen are trotters.

Pluck.

These lines were published in the Chicago Tribune back in eighties, on the morning after Gen. John A. Logan was elected to the United States Senate, after a hard fight and a dead lock of three months in the Illinois Legislature. They are not only worth tacking up in offices, but contain a spirit and principle that should enter into all advertising:

Pluck wins! It always wins! Though days be slow And nights be dark 'twixt days, that come and go, Still pluck wins; its average is sure; He gains the prize who can the most endure— Who faces issues, he who never shrinks— Who waits and watches, and who always works.

POWELL COUNTY ITEMS.

A Presbyterian church will be erected at Clay City.

State Inspector and Examiner Henry B. Hines filed his report on the examination of the accounts of W. G. Frazier, county clerk of Powell county. The report shows a shortage on licenses from December, 1901, to September 1, 1902, of \$875.50, and on deeds, marriage licenses and mortgages, for which tri-yearly report was not made, of \$108, total, \$983.50. After giving credit of commission of \$49.20, leaves a total shortage of \$934.30.

Telegraph rates in the United States average double those in Europe.

GOOD LUCK TO YOU!

14th, 1902.
Dear Sir:
A of your
of our
it.

Bad luck TO US.

AFTER ten successful years in business in Mt. Sterling, we must give up our business house, as it has been rented over our head and we must quit business by the 1st of January, 1903. In order not to move any goods we will

Sacrifice Our Entire \$10,000 Stock Of DESIRABLE, SEASONABLE CLOTHING,

Made by reliable people, such as Schloss Bros., of Baltimore, Md.; Michael Stern & Co., of Rochester, N. Y.; Seasongood & Co., of Cincinnati, and other good makes. These manufacturers have the well known reputation of making better clothing than merchant tailors.

We Make the Great Reduction Sale of 33 1-3 PER CENT. OFF OUR REGULAR LOW PRICES.

Which equals 50 per cent. off the regular prices of others. This applies to our entire stock, as we must give up our business house. We also have a stock of

Boots, Shoes and Gents' Furnishing Goods.

Remember this is not a "clearance sale" or "a fake sale," to get rid of odds and ends, overstock or make room for new goods, but a CLOSING-OUT SALE. We are not trying to humbug you by offering you a lot of odds and ends out of season that you don't need, but a

Complete Stock of Up-to-date, Seasonable Goods When You Must Need Them, At SACRIFICE PRICES!

We offer you Winter Goods when winter is here, when you need that kind of clothing. These are solid facts. Our stock was bought for this season in the regular course of our business, and well selected in every up-to-date style, in best quality and finish; but all at once we find we have a great stock of goods and a house but a short time to sell them in. We have to give up our business house. We could not take this misfortune into consideration. It was entirely unexpected. To meet the situation, we are forced to make this sacrifice sale. We have got no choice in the matter. The goods must go. The sale will last as long as the goods last. We make the price to sell the goods. We mean what we say! We will close our store for two days—

Thursday and Friday, October 16 and 17, to MARK DOWN OUR ENTIRE STOCK IN PLAIN FIGURES.

This is the opportunity for you in a lifetime to buy fresh, up-to-date, desirable, seasonable Clothing, Boots, Shoes and Gents' Furnishing Goods, just at the season of the year when you need them at sacrifice prices. Visit our store and you will be astonished at the stock we carry, the quantity, quality and prices. We can fit anybody. We have an unbroken stock. We must give up our business house. We must sell our entire stock—\$10,000 worth of seasonable goods. We mark every article in our store in plain figures at a reduction of 33 1-3 per cent. We don't quote prices on a few articles, but on everything. Our figures will tell the story.

Remember, our store opens next Saturday, Oct. 18, at 7 a. m.,

SAMUEL LEVY, Mt. Sterling, Ky.

We don't offer you a \$2 Straw Hat for \$1 in winter time when you don't need it, but we offer you Coal in winter time at summer prices. Now, you understand!

Team Ran Away and Family Injured.

On Friday afternoon at the top of Beaver Hill beyond Rothwell a serious accident occurred, resulting in A. C. Agy having his leg broken, his wife having her face cut and body bruised and their son having his scalp cut in three places and otherwise being hurt, and the oldest daughter had her shoulder dislocated. The family removing from Ill. were enroute to Wellington, in Menefee, their future home. A friend with a wagon had met them at Rothwell. While going down the hill the brakes broke and the horses ran away.

Mr. W. O. Back, of Menefee county, candidate for the Democratic nomination for the state legislature, has been in the county for several days mixing with our people and is elated over his prospects. He says that he will carry five out of the six precincts in Menefee county and would stand a good showing for the sixth if he would contend for it. He claims to be the choice of Menefee democrats and for that reason and because of his attainments, thinks his claims will meet with favor with Montgomery county Democrats.

BONE FOOD

Soft and cooked bone, mean bad feeding! Call the disease rickets if you want to. The growing child must eat the right food for growth. Bones must have bone food, blood must have blood food and so on through the list.

Scott's Emulsion is the right treatment for soft bones in children. Little doses every day give the stiffness and shape that healthy bones should have. Bow legs become straighter, loose joints grow stronger and firmness comes to the soft bones.

Wrong food caused the trouble. Right food will cure it. In thousands of cases Scott's Emulsion has proven to be the right food for soft bones in childhood.

THE FORD'S BLACK-DRAUGHT THE ORIGINAL LIVER MEDICINE

A salient complexion, dizziness, biliousness and a coated tongue are common indications of liver and kidney diseases. Stomach and bowels trouble, severe as they are, give immediate warning by pain, but liver and kidney troubles, though less painful at the start, are much harder to cure. The Ford's Black-Draught never fails to benefit diseased liver and weakened kidneys. It starts up the torpid liver to throw off the germ of fever and ague. It is a certain preventive of cholera and bright's disease of the kidneys. With kidneys reinforced by The Ford's Black-Draught thousands of persons have cured themselves of liver and kidney troubles. It is always on hand for use in an emergency and saves many expensive calls of a doctor.

Mullins, S. C., March 10, 1901. I have used The Ford's Black-Draught for three years and have not had to go to a doctor since I have been taking it. It is the best medicine for me that is on the market for liver and kidney troubles and dyspepsia and other complaints. Rev. A. G. LEWIS.

J. H. BRUNNER.

We are Back from New York WITH Bargains for All.

We went on the buyers' excursion to the great metropolis, and never was time and money more profitably spent by us, but it was you we were thinking of—of how best we could serve your interests by serving our own. We are now ready for fall trade as we were never ready before. Not a dollar's worth of unseasonable goods has been left in our new stock. Everything is new, spick and span.

Wagon load after wagon load of new goods have been continually unloaded at the Great Busy Bee Cash Store until progress along the street was impeded. For one whole week people had to walk around or pick their way through the wall of boxes that surrounded the entire store.

The proprietors of this Great Bargain mast the Busy Bee Cash Store gave instructions to their buyers before going East to leave nothing undone to make this the banner fall of their business career in this city, and the buyers have certainly exerted their skill to its utmost capacity. Shelves, counters, ledges, and every available space in the large store is stacked and piled from floor to ceiling and are creaking and groaning under the immense weight of the new goods piled on them.

Our new Dress Goods are creating a big noise among the ladies who have seen them and the pretty, nobby stuff is already beginning to go out in large quantities. Our ladies know a good thing when they see it, and the beauty and elegance of these new things are so striking that they are taking advantage of them while they can get them.

Our Men's and Boys' Clothing is so far superior to any of our past efforts that it will be a death blow to all competition. Just think of buying a good Cassimere Suit for Boys for 98c, a good Wool Cassimere Suit for Men for \$3.48. Our stylish, nobby suits will cost you just half the price other merchants ask you for the same things. Our Overcoats are already on the move, and wise customers are selecting now while they can get the new styles. Have a look at our Clothing; it will pay you.

Already our customers are beginning to say that we never will sell all the Cloaks, Wraps, Jackets, Raglans, Monte Carlos, Fur Jackets, Furs of all kinds, Ladies' ready-made Tailored Skirts and Tailor-made Suits that fill the tables, racks and even piled on the floor in our Tailor made Suit and Cloak Department. The like was never before seen in Mt. Sterling. It is a sight worth coming miles to see whether you want to buy or not. The new style garments will tempt you and low cash price will sell you.

Our Underwear fills nearly one entire side of our big store. Underwear to suit everybody. Can't name prices, space won't admit. Don't pay over price for Underwear. Get posted; get our prices and qualities before you buy.

All the little notions that one needs are to be had here, and there's not as much to pay for them as elsewhere. No imitations or seconds; get standing room here. You pay for what you get, and you get what you pay for.

Summer Coon.

Cracker Jack, Ky.,
October 14th, 1902

Brother J. G. White. Dear Sir: I come in contact with some of your campaign letters in sum of your papers. And I give them close attention while analyzing them. I think this is pretty well shaped up for Summer letters, this I am inclined to think that are a little to scattering to land you in a congress pie shop. You had better Side track your mind at once if you think you are going to work any of your Summer Schemes on us hopkins Democrats; you may cut and slash up your precinct all to pieces but hopkins will go to the pie factory, mind what I told you. I am a Democrat myself and always was that way when there is nothing in the way of a mind changer in sight. Now if I could meet you and have a consultation with you privately, I believe I could fix you onto a little Summer Scheme that would make you run like a scared rabbit with a grayhound after him. The trick I want to put you onto will require a little pocket timber, and if you could send me a little incense burner thru the mail I think I could do you more good then all your Schemes you have pictured out, and furthermore if you should think it advisable to comply with my plans of a Summer campaign Iest wire me at the Coon Box Hall, no. 349, red room St. Cracker Jack, Ky. I am a old time five dollar politician and always worked for the party that give me the most light on those grating political blow outs. I am sure I could do a great deal in this congress race if I had the proper pocket power. A ten figure is the lowest limit at this stage of the game now, so if you can't stand the ten racket you have shot yours last ward towards congress. I hope you will not expose this letter, for I don't want everybody to no to touch about my political career. I have been accused of being a flatter before now by different parties. We all no a man cant float of water. My boat is all I have got for sailnow, why not get the money out of it and put it in surkulation. Talk all you like about character, good or bad, neither is no account in this huge world without Sum money mixed with them, wel it does look dat way Boss. So come on with the weele Skins then Mr. character will follow.

SUMMER COON.

The Worst Form.

Multitudes are singing the praises of Kodol, the new discovery which is making so many sick people well and weak people strong by digesting what they eat, by cleansing and sweetening the stomach and by transforming their food into the kind of pure, rich red blood that makes you feel good all over. Mrs. Cranfill, of Troy, I. T., writes "For a number of years I was troubled with indigestion and dyspepsia, which grew into the worse form. Finally I was induced to use Kodol and after using four bottles I am entirely cured. I heartily recommend Kodol to all sufferers from indigestion and dyspepsia. Take a dose after meals. It digests what you eat."

F. C. Duerson, Druggist.

President Roosevelt through Secretary Cortelyou notified the various departments of his desire to curb the number and size of printed reports and documents. The President thinks that much useless matter is used and that many documents are useless which accomplish no practical good, and that there is too much public printing generally.

STRAVED.—About Oct. 12, three two-year old steers, about 1000-lb., from my farm near Kidville, at 24 1/2c. ANDREW McCLURE

FRENCHBURG, KY., Oct. 16, 1902. SPECIAL TO THE ADVOCATE.

In your issue of yesterday, 15th, you call on the Democracy of Menefee county to give to this legislative district "Of her best qualified citizens from which to make a selection" of a legislative candidate. Mr. Editor, we know you to be a man without guile or deceit and a gentleman well informed, therefore, you only have to refer to the call published in your own paper to see how utterly and completely disfranchised is the Democracy of Menefee county in the selection of a Democratic standard bearer. We do not so much as have a voice in common with the good Democracy of your county in this matter, therefore, your kind, but untimely appeal had just as well be made to Martin or McCracken counties as to Menefee county, however anxious we may be to answer your reasonable request, the right is taken from us and we must submit to the powers that be. To ask us to give the district a good, experienced, strong man, however patriotic, disfranchised condition is as tantilizing as it were in the parable where Christ was nailed to the cross, saying "If Thou be the Son of God, come down from the cross." We are the crucified, our hands and feet that are nailed to the cross and were it for the good of Democracy we would be willing to bear our punishment, though ignominious it be, but we fail to see where it can bring about any beneficial results, though it may enable the boss to land his choice with a little less trouble than if he had to contend with the honest yeomanry of Menefee county. So you all see, Mr. Editor, it is up to you people to make a wise selection and if you should make any mistake in the job we will swallow it with the fullest assurance that "the King cannot err."

Respectfully,
J. H. WILLIAMS.

RELIGIOUS.

The dedication of the Peeld Oak Union Church has been postponed.

At Corinth church on Saturday night and Sunday there were eleven confessions at regular monthly service.

Rev. Thomas Howe, pastor of the Christian Church at Owingsville, has resigned, giving for his reason that he was not properly supported by his congregation.

The Christian Church's Foreign Missionary Society's annual receipts reported at the Omaha National Convention, were \$178,323.68, a gain over last year of \$8,425.48.

Rev. A. Judson Arrick, of Louisville, will preach at the First Presbyterian church on next Sunday both morning and evening. Mr. Arrick was pastor of the church for a number of years and his many friends will give him a cordial welcome.

On Sunday evening at the Methodist Church there was a union meeting of the Epworth League and the Christian Endeavor Society of the Christian Church. Mrs. T. D. Jones was the leader. The attendance was large and an interesting and helpful program was presented.

The two Synods of Presbyterian Church in joint session at Lexington last week united in commemorating the Savior's death. This was their first joint communion since 1865. We trust that the time will soon come when war differences will cease to divide those two churches; in fact, we hope that the prayer of our Savior, that his followers may be one, will prevail throughout the land. This will hasten the conversion of the world.

Bishop H. C. Morrison gave some statistics bearing upon the Methodist Church for the last 20 years. He said that from 1882 to 1886 the church increased 123,000 in membership, from 1886 to 1890 167,000, from 1890 to 1894 167,000, from 1894 to 1898 120,000, and for the last four years 88,000. The falling off of 85,000 from the average of the past 16 years he said had to be accounted for, and indicated that the brethren knew the reason for it.

Those who attended the picnic of the First Presbyterian Sunday School last Saturday report having spent a most enjoyable day, the weather was ideal, the drive of 10 miles was lovely, the scenery seeming to have been gotten up specially for this occasion. Mr. John

Brown Orchestra furnished the music, the ladies of the Church furnished the refreshment and 105 children furnished the appetite to make away with the best dinner that has been set in that neck of the woods since Dan'l Boone dined there.

Rev. A. J. Arrick, of Louisville, a former pastor of the First Presbyterian church of this city will fill his old pulpit next Sunday, morning and evening. It is a little bit remarkable that Mr. Arrick should happen around on this particular Sunday as it has been just ten years to the day since he preached his first sermon in that church, and as the Senior editor of this paper was an important factor in bringing Mr. Arrick to Kentucky, he feels that he has the best right to congratulate the members of the church on this happy coincidence.

On Friday, Saturday and Sunday, Oct. 24-26, there will be held at Harrodsburg the Fourth District Christian Endeavor Convention. Aside from the usual business there will several addresses and papers. Among those who take part are Misses Fannie Ingels, Paris; Allie May McCorkle, Morehead; Mary Finch, Helena; Mesdames John Arnold, Richmond; Carrie Lehman, Louisville; Prof. W. H. Cord, Hazel Green; Dr. J. C. Molloy, Mayville; Rev. G. W. Argabrite, Paris. On Sunday evening the convention sermon will be preached by Rev. J. W. McGarvey, Lexington. Subject: "Crown Him Lord of All." Tickets on the certificate plan will be on sale. A letter from the District President extends a cordial and pressing invitation for many to attend from this county. Persons expecting to attend will report at once to B. W. Trimble or Miss Bettie Roberts who will forward names.

W. J. Bolin will preach at Howard's Mill next Sunday afternoon at 3 o'clock.

At the Baptist church next Sunday morning and evening the pastor, W. J. Bolin, will preach. Subject for morning discourse: "The Heavenly Vision." For the evening sermon, "Fact, Faith, Feeling." You are most cordially invited to these services.

Miss Beulah Shankland will lead the B. Y. P. U. next Sunday evening. The meeting is at 6:15 p. m. in the Sunday-school room of the Baptist church. The subject is "Christian Growth." A cordial invitation to everybody.

There will be an all day meeting at the Howard's Mill Baptist church next Saturday. Some interesting features will be tree-planting exercises, an address by

Rev. W. J. Bolin and possibly others, and an elegant lunch. The meeting will begin at 10 a. m. and close at 4 p. m. The public invited.

If we want to get an idea of the wide prevalence of stomach "trouble" we have only to note the numerous advertisements of so-called "remedies" for disorders of the stomach. It is in part due to the abundance of these preparations that diseases of the stomach reach such painful and serious proportions. The earlier symptoms of stomach trouble, sour or bitter risings, belchings and a feeling of undue fullness after eating, may be relieved by the use of these simple palliatives. But though the unpleasant symptoms are relieved, the disease goes right on until some day it reaches an acute stage where palliatives are powerless, and even the ordinary treatment of physicians is unable to afford more than temporary relief.

Dr. Pierce's Golden Medical Discovery is gaining a wider recognition every day as one of the most valuable of medicines, because of its cures of diseases of the stomach and other organs of digestion and nutrition. The cures effected by the use of "Golden Medical Discovery" include a remarkable number of so-called "hopeless cases," cases diagnosed by local physicians as catarrh of the stomach, intestinal dyspepsia, and other forms of acute disease of the stomach. These cures are so many and so various that no matter what form of stomach trouble one may be afflicted with he may begin the use of Dr. Pierce's Golden Medical Discovery with the assurance that a cure is certain if it is within the scope of medicine to cure at all. In forty-nine cases out of fifty where it is faithfully used the "Discovery" will cure.

"I Had Given Up All Hope."

"At the time I commenced taking your treatment," writes Mr. Geo. C. Feaster, of 1414 South Penn Sq., Philadelphia, Pa., "I had given up all hope and became disgusted with patent medicines. After serving two years as marine engineer on an outside steamer I noticed that my health was failing fast. Owing to my age and robust appearance I was laughed at for complaining of feeling so miserable, but after 'suffering it out' for awhile, my healthy looking appearance disappeared and I began to feel that something should be done, as I could hardly get around. Doctors treated me for cancer of stomach; catarrh of stomach; kidney trouble, heart trouble, nervous prostration. I had gotten tired of eating pills and drinking so-called 'tonics.' After reading over the testimonial of a person who had taken Dr. Pierce's Golden Medical Discovery I concluded to give it a trial. After a few doses I began to feel much better. My bowels had been very irregular, sometimes did not move more than three times a week. I was confined to the engine-room most of the time and had no chance to exercise at all, but after taking the first dose of medicine my bowels became more regular. Before taking Dr. Pierce's medicine I had a burning in my throat almost constantly, which prevented me from eating anything greasy at all, and my stomach felt as though it was full of sores. I soon began to feel better, and in time completely recovered my former health."

VERY VALUABLE.

"I fully appreciate the value of your 'Medical Advice,' writes F. T. Houghton, of Norfolk, Maryland. 'Do, Sir, and consider it a hundred times more valuable than any medical work ever published before.' Dr. Pierce's Common Sense Medical Advice is sent FREE on receipt of stamps in payment of mailing ONLY. Send 21 one-cent stamps for the cloth-bound volume, or only 21 stamps for the book in paper covers."

The Leader's Inconsistency.

The Owensboro Messenger goes after the Lexington Leader as follows:

"To its attempt to hold the Democratic administration of Lexington responsible for the murder, the Leader says:

"When murder goes unrebuked and public peace and safety are officially entrusted to representatives of the most vicious elements in the community, what wonder is it that inoffensive citizens are shot down in their homes or in the most prominent thoroughfares of the city?"

What were the conditions of Kentucky when the bullet of the assassin did its bloody work in the state house square, as it was sped from the office of Caleb Powers? As the administration of Lexington is to that city, so was the administration of Kentucky affairs to the entire state. The Republican party had been in undisputed and undisturbed control of Kentucky for four years, under the Bradley administration. Taylor, the fugitive, now protected by a Republican governor against trial on the indictment found against him, had received the certificate of election and had been sworn into office. Not a Democrat was in office at Frankfort under the state government. Taylor commanded the militia and the treasury—and the murder was done, and it was a murder forever stamping on Kentucky history a page as bloody as ever written in the history of any commonwealth claiming and possessing civilization.

And by whom has that bloody tragedy been rebuked to the extent of aid and efforts to bring the murderers to justice? It will not lie in the mouth of the Leader to charge upon the Democratic administration of the city of Lexington the crime of the murder of Mr. Chalmers, while there came from the Republicans of Kentucky nothing but aid and comfort for the men arrested for the murder of Goebel, nothing but aid and assistance for the men convicted of the murder, and nothing but denunciation of efforts to clear—as far as it could be cleared—the stain from Kentucky's escutcheon.

And, let the Leader remember, the foul murder done at Frankfort was done when the Republican party controlled the offices of the state, the troops of the state and the treasury of the state, and had controlled them for more than four years. The impotent rage of the Leader at whatever bears the Democratic colors is convicting the party of the Leader of the crime of murder. And the Leader is only taken at its own word and on its own line of argument.

Forty Years' Torture.

To be relieved from a torturing disease after 40 years' torture might well cause the gratitude of anyone. That is what DeWitt's Witch Hazel Salve did for C. Haney, Geneva, O. He says: "DeWitt's Witch Hazel Salve cured me of piles after I had suffered 40 years." Cures cuts, burns, wounds, skin diseases. Beware of counterfeits.
